2.	<p>We kindly request that the tender specifications be reviewed and, if necessary, revised to ensure they are manufacturer/OEM-neutral. This will not only uphold the fairness and transparency of the process but also potentially bring forward innovative solutions that may have been overlooked.</p>	<p>Please note the Authority already has in place <b>NetApp Storage System</b> whose Support and licensing is required as per the revised requirements/financial criteria above.</p> <p>The Authority is therefore not looking for new Storage solution for this tender.</p>

**ALL other conditions of the tender remain unchanged.**
