**Question 1**

With regards to the pricing template, there is only provision for quoting rates based on distance thresholds i.e. 0 -10 Kms, 11-50 Kms and 51-100 Kms;

1. Do we quote block amounts for each identified band i.e. 2500Kes for 0-10 Kms or should we provide rate per KM i.e. 40 Kes/Km?
2. Is there also provision to provide a parallel pricing methodology on the same price schedule or should we restrain our offer to the suggested
  1. *Rates chargeable should be per kilometer per band e.g 0 - 10kms (40kshs Per kilometer), 11-50kms, (80kshs Per kilometer).*
  2. *Bidders are advised to submit their financials in the format provided for in page 31 of the tender document- price schedule of services*

***ALL other conditions including the closing date and time remain the same.***
